

# **NOIDA: Pride of India**

## **Uttam Pradesh, Sarvottam Bharat Desh.**

### **Good for UP. Good for India.**

We are committed to achieve US\$ 5 Trillion goal for India set by our PM Modi ji. We are also committed to USD 1 Trillion goal set by our CM Yogi Ji.

NOIDA has potential to kick start the development in UP and thus, contribute towards both the goal.

#### **What can NOIDA be.**

A beacon of hope and confidence for UP. A megapolis that is bigger than Pudong, Shanghai and Shenzhen combined. NOIDA has well planned space and further room to grow to accommodate businesses, industries and the communities. Its close to the space starved national capital, Delhi and can provide modern energy efficient venues for central government offices and agencies. What we need is a new ambition for NOIDA.

#### **NOIDA Olympics 2044**

Main venues in NOIDA/ Greater NOIDA. Additional venues in Lucknow, Varanasi and Jhansi.

### **NOIDA: Model Governance Centre**

To achieve our ambition, NOIDA must seek the best in governance and pursue the search of excellence. We should phase out caste-based reservations. We must empower our youth and our women. On singular focus should be to create good quality jobs. We must restore rule of law. We must seek better government services like health and education.

### **Our inspiration:**

### **Let's dream together and work together to make it real.**

We must dream big. Our dream must be original. We can learn from others but we must decide what we want. If we can make NOIDA realize its fullest potential, that will give us confidence and energy to vitalize the whole UP and spur greater ambition in other parts of India.
